Asset Management Survey Report

April 2024

Report Overview

During the fourth quarter of 2023, the Global Forum on Maintenance and Asset Management (GFMAM) harnessed its diverse and extensive network of member societies to conduct an initial survey on the state of Asset Management across the globe. The survey's results, presented in this report, provide a summary of trends and maturity levels in different regions.

This first report serves as a foundational overview, setting the stage for future surveys that will delve deeper, seeking more granular insights and understanding of the evolving dynamics within the Asset Management sector.

This survey was launched in September 2023 and closed on January 2024. A total of 776 complete responses were received from unique individuals from 144 countries.

The report can be viewed on the GFMAM website at gfmam-survey.org

Number of responses by region
